Excellency,

Assalaam Alaikum wa Rahmatullah wa Barakatuhu.

We are constantly now receiving the most harrowing reports on conditions in Tajikistan. Muslims are being targeted and killed in their thousands and the refugees trying to escape this brutality are most often losing their fight to survive in terrible extremes of climate, deprivation and suffering.

I hope that you will be able to raise this issue in the Secretariat of the OIC and to bring it before Muslim governments. The situation is critical and our Muslim brothers and sisters and children are dying daily.

May Allah bless you and guide you.

Yours sincerely,

Salem Azzam
